

Reception Homework Trail (Term 6 2025–2026)

Weekly homework tasks

Reading

Please continue to regularly read your Little Wandle, Big Cat Phonics Books. Please take the time to share lots of lovely stories together at home too and perhaps bring one in for us to share.

Mathletics

There will be two Mathletics tasks assigned fortnightly. Please feel free to complete previously completed tasks again.

Spellings

Play 'Look, Cover, Write, Check' with the following words. Look at the word, trying to remember how to write it, cover it up, write it down and then check you spelt it correctly.
the, do, to, today, out, of, said, says, are, were, was, little, his, has, sure, you, your, they, be, he, me, she,

Off on the trail...

You must complete three squares in a row, passing vertically, horizontally or diagonally through the middle square.

<p>This year we set up our new Climate Action Crew to help our environment. Think about how you can encourage wildlife into your garden or balcony. Perhaps make a bird feeder, a bug hotel, or plant some flowers to attract bees or other insects.</p>	<p>In January, we made dots to create a fantastic rainbow wall display. Have a go at creating a rainbow of your own. This might be rainbow bubbles made from washing up liquid, creating a rainbow from a prism or a fantastic piece of rainbow artwork.</p>	<p>Over the Easter holiday, Mr Rowson made an amazing outdoor stage area for us. Have a go at making up a play or creating a performance of your own. Get family to join in with you at home. You could get your friends involved in a performance on our outdoor stage,</p>
<p>Create an outdoor activity to help practice times tables or counting skills, This could be a treasure hunt, or an obstacle course where numbers are involved. Play your activity several times to help develop these maths skills.</p>	<p>Fill in the postcard attached to Miss Talbot and your teacher telling them about the things on your trail you have completed.</p>	<p>This year Sir David Attenborough celebrated his 100th birthday. Do something to celebrate his amazing career in wildlife. Perhaps visit a park or nature area, research information about your favourite animal or make a model inspired by wildlife. It's up to you.</p>
<p>Our new cycle and scooter shed encourages everyone to ditch the car when coming to school. Create a poster to show the importance of walking scootering or cycling to school.</p>	<p>Create a game, design a quiz, or make a puppet or model linked to one of your favourite books. Get family or friends involved in playing this with you. Talk about the story and the characters in this book.</p>	<p>Plan a new OPAL play activity that you would like to see outside. This might be a new type of game or a special area. Tell one of the Outdoor Play Team or someone at home about your idea.</p>

The Extra Mile...

Whilst there are no extra mile stickers on offer for this homework task, still try to see how many tasks you can complete!

Congratulations everyone—you are now on the final stretch of your Homework Trail.

The Term 6 Homework Trail is a special one as it involves spending time with family and friends and being outdoors. You don't need to write anything in your homework book—just fill in the attached postcard to tell your teachers and Miss Talbot about all the things you have completed on this term's trail. You can attach some photos as well. This homework needs to be returned by **Friday 10th July**.
